FAQs

What are the requirements for obtaining board approval for a continuing education program that is not pre-approved or exempt from approval?

If a CE program is not board approved and does not qualify for an exemption, you may request board approval by submitting an Application for Continuing Education Program Approval Individual. The application must include:

- A detailed, timed agenda with topics and presenters;
- Presenter biographies, including education;
- Presenter credentials;
- Relevant presenter experience;
- A description of the training; and
- The program's objectives and goals

For additional requirements and details, consult [201 KAR 32:060](#).

Board Notes - New Business

- **Supervision of an Associate** starts from the date Associate Permit is issued, not when they start seeing clients.
- **Uploading documents** to your eServices account, please name them as to what they are (e.g. Name-Ethics-CEU).
- **Supervision Logs:** Please use the date format MM/DD/YYYY so the Board knows when supervision hours are being completed.
- **All Associate Permits** are reviewed regardless of if they are audited or not. The Board only reviews audited Licensed MFT.
